We aim to dispatch all products within 1-3 days working days. The cut off time for processing orders is 11:00am Monday - Friday. Once an order has been placed, dispatched or ready for collection you will be notified.

**Collection** - The customer must take into account the size of the order and use an appropriate vehicle when collecting from our warehouse. Manual loading and securing loads is the responsibility of the customer.

**Palletised Deliveries** - Palletised deliveries are kerbside only. It is the customers responsibility to provide help offloading products when being delivered. We strongly advise to wear PPE where applicable.

**Accepting Delivery** - The customer must be present to sign the delivery note. Any signs of damaged, missing or incorrect pieces must be stated on the delivery note or the customer must refuse delivery and contact us within 12 hours. Photographic evidence will be taken by our driver. A signed delivery note without notations represents acceptance of the complete order in perfect condition.

Please see our full terms and conditions for more information.
